Preface xiii  
Acknowledgments xv

<b>1</b>	<b>Diseases of the Oral Cavity and Esophagus</b>	<b>1</b>
	I. Stomatitis 1	
	II. Dental conditions 7	
	III. Dysphagia 9	
<b>2</b>	<b>Diseases of the Equine Gastrointestinal Tract</b>	<b>19</b>
	I. Colic 19	
	II. Diarrhea 26	
	III. Weight loss 34	
<b>3</b>	<b>Diseases of the Bovine Gastrointestinal Tract</b>	<b>41</b>
	I. Bovine forestomach and abomasum 41	
	II. Bovine intestines 57	
<b>4</b>	<b>Diseases of the Porcine, Ovine, and Caprine Gastrointestinal Tract</b>	<b>79</b>
	I. Porcine gastrointestinal tract 79	
	II. Ovine and caprine gastrointestinal tract 85	
<b>5</b>	<b>Diseases of the Liver</b>	<b>93</b>
	I. Introduction 93	
	II. Hepatobiliary diseases of horses 97	
	III. Hepatobiliary diseases of ruminants 102	
	IV. Hepatobiliary diseases of swine 108	
<b>6</b>	<b>Diseases of the Upper Respiratory Tract</b>	<b>115</b>
	I. Rhinitis and nasal obstruction 115	
	II. Acute pharyngitis, laryngitis, and tracheitis 117	
	III. Laryngeal obstruction 129	
<b>7</b>	<b>Diseases of the Lower Respiratory Tract and Thorax</b>	<b>137</b>
	I. Diseases of the lower respiratory tract 137	
	II. Diseases of the thorax 163	

**8 Cardiovascular Diseases**

171

- I. Introduction 171
- II. Blood flow disturbances 174
- III. Cardiac dysrhythmias 186
- IV. Pericardial disease 199
- V. Myocardial diseases 202

**9 Metabolic Disorders**

213

- I. Metabolic disorders of ruminants 213
- II. Metabolic disorders of horses 224
- III. Metabolic disorders of neonates 226

**10 Endocrine Disorders**

231

- I. Introduction 231
- II. Diabetes mellitus 231
- III. Diseases of the pituitary gland 232
- IV. Diseases of the adrenal gland 235
- V. Diseases of the thyroid gland 237
- VI. Diseases of the parathyroid gland 239
- VII. Anhidrosis 242

**11 Neurologic Disorders**

247

- I. Brain disorders of the newborn 247
- II. Brain disorders of mature and growing animals 250
- III. Spinal cord diseases 264
- IV. Neuromuscular disease 271
- V. Localized peripheral nerve disorders 275

**12 Ophthalmologic Disorders**

285

- I. Diseases of the cornea 285
- II. Diseases of the uveal tract and optic nerve 289
- III. Diseases of the adnexa 291
- IV. Congenital ocular disease 293
- V. Ocular manifestations of systemic diseases 294

**13 Musculoskeletal Disorders**

301

- I. Diseases of the muscles 301
- II. Diseases of the bones and joints 306
- III. Lameness 309

**14 Hematopoietic and Hemolymphatic Disorders**

321

- I. Anemia 321
- II. Hemostatic dysfunction 341
- III. Lymphatic diseases 347
- IV. Immune deficiency syndromes 350

**15 Diseases of the Urinary Tract and Kidney**

357

- I. Renal disease 357
- II. Lower urinary tract disorders 364

**16 Dermatologic Diseases**

375

- I. Diagnostic approach to dermatologic disease 375
- II. Environmental and mechanical dermatoses 378
- III. Nutritional dermatoses 381
- IV. Viral dermatoses 383
- V. Bacterial skin disorders 385
- VI. Fungal dermatoses 391
- VII. Parasitic diseases 394
- VIII. Immunologic skin diseases 404
- IX. Endocrine dermatoses 407
- X. Miscellaneous dermatoses 407
- XI. Neoplastic diseases 408
- XII. Hereditary dermatoses 411

**17 Mastitis**

417

- I. Bovine mastitis 417
- II. Equine mastitis 428
- III. Ovine and caprine mastitis 429
- IV. Porcine mastitis 429

**18 Neonatal Conditions, with Special Emphasis on the Equine Neonate**

435

- I. Introduction 435
- II. Prematurity or dysmaturity 436
- III. Acute perinatal asphyxia 441
- IV. Failure of passive transfer (FPT) 446
- V. Septicemia and focal infection 453
- VI. Umbilical abnormalities 459

Comprehensive Exam 467
